*** Don't forget Sci-Fi Fridays!**
Watch a different movie every Friday this summer.

Livingston Municipal Library has plans to take your summer out of this world!

The new **Gaming Club** is still going strong. If you would like to participate this summer, drop by on any (or all) of the following days from **10am-2pm: June 1, July 6, and Aug. 3.**

Summer reading begins on **June 3** with a **Kickoff Party (11am-1pm)**. Join us for fun, games, water balloons, and refreshments.

The **HMNS** brings their **Discovery Dome** on **June 5 (10:30am-1:30pm)**. A variety of activities will be available, including "Accidental Astronauts," "Larry the Cat in Space," "Dawn of the Space Age," and "Tales of a Time Traveler." Also on **June 5, (1:10pm)** teens and adults can watch the ***Dark Side of the Moon*** light show concert.

Several **teen crafts** will be available during the summer: **June 6 (2-3:30pm)**, paper book charms; **July 16 (3-5pm)**, Zen moon gardens; **July 25 (3-5pm)**, planet pillows. Registration is required.

Marquis the Martian needs your help to find his way back home. On **June 12 (10:30-11:30am)**, conduct experiments that will get his spaceship back into orbit.

Want to become a Jedi Knight? If so, join the **Jedi Academy** on **June 13 (3-5pm)** to learn to use the Force and create your own Lightsaber.

Two **Robotics Workshops** will be held for teens this summer. Build your own robots on **June 18 (3-5pm)** and **July 11 (3-5pm)**. Registration is required for both workshops.

On **June 19 (10:30-11:30am)**, kids can **Touchdown on the Moon** by creating their own moon landers.

Join us on **June 25 (3-4:30pm)** for a space-themed **Un-Birthday party** (where we'll celebrate

everyone's birthday). There will be cake!

Kids will learn to use their creativity to solve problems at the "**Take Me to Your Readers**" program on **June 26 (10:30-11:30am)**.

June closes with the **Edge of Imagination Station (June 27, 2-5pm and June 28, 10am-1pm)**. Johnny Villarreal will help kids create a moon landing video. Registration is required for this program, geared toward kids and teens 9 and older.

Children will team-up to complete a series of missions in a **Space Race** challenge on **July 3 (10:30am-12pm)**.

Mr. Pitts Cartooning Workshop will be held on **July 9 (1:30-3pm)**. Kids must be 8 and older to participate, and registration is required.

Ranger Joel (LLSP) will present two programs this summer: "**The Birth, Life, and Death of a Star**" (**July 10, 10:30-11:30am**) and "**Create Your Own Planisphere**" (**July 17, 10:30-11:30am**).

Don't miss the **Moon Crafternoon** on **July 18 (3-5pm)**.

The **HMNS** returns on **July 23 (1:30-2:30pm)** with its **Space: Going the Distance** program. On **July 24 (10:30-11:30am)**, kids can take a **Trip to Mars** via an educational interactive game.

Summer reading ends on **July 31** and all reading logs should be turned in by 6pm to collect prizes. The **awards ceremony** for the top readers will be held on **Aug. 7 (3-4pm)**.

Save the Date: The **Back to School Fair** is **Aug. 1 (10am-1pm)**. Students pre-K thru 12th grade must be present with an adult to receive supplies. Low-cost vaccinations will be available, while supplies last.

The sky is the limit only for those who aren't afraid to fly ~ Bob Bello

Friends of the Library Book Adoption

July 19, 2019 10am - 2pm

Summer is an exciting time for the children in our community, and it is important to the Friends of the Library as well. A portion of the money raised from Friends' book sales and membership drives is used to purchase reading incentives and to sponsor several of the storytellers and programming featured at the library this year. More importantly, the Friends always take time to volunteer with children's and teen programs, so we look forward to seeing them at the library this summer!

Author Spotlight: Judd Winick

Graphic Novels/Comics

(Adapted from wikipedia.org)

New Yorker Judd Winick grew up reading graphic novels and superhero comics as a child, and this love for stories and art has followed him into adulthood.

Winick, who was featured on MTV's *Real World: San Francisco*, attended the University of Michigan, Ann Arbor School of Art, in hopes of following in the footsteps of his heroes, cartoonists Garry Trudeau and Berke Breathed.

Winick decided to create his *HiLo* graphic novel series when his young son asked to read some of his work; Winick realized that he did not have any material in his portfolio that would be appropriate for his children.

HiLo: the boy who crashed to Earth (2015) introduces us to D.J., Gina, and HiLo, who mysteriously ends up on planet Earth. Winick describes the *HiLo* series as "part E.T., part Doctor Who, part Peanuts and Calvin and Hobbes." The latest book in the series, *HiLo: the everything went wrong*, was published in January 2019.

Winick is married to Dr. Pam Ling, Professor of Medicine at UCSF, and they have two children.

Over the course of his career, Winick has written and illustrated several editions of mainstream comics, including *Green Lantern*, *Green Arrow*, *Catwoman*, and *Batman*.

To learn more about Judd Winick, please visit his website, juddspillowfort.com, and connect with him on Twitter and Instagram (@JuddWinick).
